

## Effective Dates, Current Procedural Terminology (CPT®) Codes and Policy Updates for August

Our Healthcare Policy department continuously reviews medical policies and operating procedures as new, evidence-based information becomes available regarding advances on new or emerging technologies, as well as current technologies, procedures and services.

The table below is designed to provide updates on changes to existing or new local policies and procedures during our review process. Each local policy or procedure listed includes a brief description of its status, select reporting instructions and effective dates. Policies from non-local accounts, such as NASCO and Federal Employee Program (FEP), may differ from our local determinations. Please verify member eligibility and benefits prior to rendering service through CareFirst on Call ([Professional](#) and [Institutional](#)) or [CareFirst Direct](#).
